

Yates County Job Leads October 10th, 2017

AUTOMOTIVE/DRIVERS

Truck Driver (Middlesex, NY)

- You're treated with respect as a driver for Dudley Poultry because you earn that respect. We're a small company and don't pay your boss to micromanage you. No desk job for you. With freedom on the road driving a \$100,000 truck comes good common sense expected on the job. That job includes deliveries of chicken, beef, pork, and other products to Upstate NY restaurants, grocery stores and businesses. You'll learn a few of our routes and be assigned the same truck most days. Customers become friends as they see you every week. Most of our drivers have been here for many years so we're looking for someone who fits in the group we're already so proud of. We have a nice fleet of Internationals and Kenworth's, all 18' straight box refrigerated trucks, manual transmissions. Routes start at different times of the day but you can roughly expect to leave Middlesex, NY by 6 or 7 am and get back between 4-7. You'll work more overtime in summer than in winter as that's when we're busiest (think chicken BBQ's). It's a full time, year-round position so you aren't going to starve during the winter. \$15.00 per hour. Nothing overnight. You'll be home evenings. Paid vacation, personal days, profit sharing, life insurance and employee discounts on all the food we sell...now that's a savings on the grocery bill! Chicken, steak, pork chops, ham, mozzarella sticks, chicken tenders, pizza logs, oh boy! Hundreds of products all pennies over cost for Dudley Poultry employees only! Got your CDL? Interested? Reply or give us a call. Craigslist post ID: 6338871907 10/9/17

Work Keys for Job Seekers: The Career Readiness Credential (CRC) enables you to show prospective employers that you possess the basic foundational skills they are looking for and have the trainability for success in an organization. The CRC verifies that you can handle the kinds of tasks – finding information, reading instructions and directions, even working with figures – that are common in today's workplace.

How does the Career Readiness Credential work?

Building on a Proven Program

The CRC is based on established Work Key assessments, a nationally recognized system. To earn a CRC, individuals undergo testing related to reading, applied math, and locating information through the Work Keys skills assessment system. The credential confirms a person's competence in these skill areas and provides documentation to an employer in today's workforce.

How to Earn a CRC

Finger Lakes Workforce customers can obtain a Career Readiness Credential by taking the three Work Keys assessments. Contact a Finger Lakes Workforce One Stop Center Representative or call 315-536-5140 for more information.

Ask about SMART 2010 Today!!!

SMART 2010 is a computer program that analyzes a customer's resume for skills and work experience. Using that data, the computer can establish matches with current jobs throughout the state. The system then recommends to the client by means of E-mail a number of job matches based on the likelihood that the individual will follow the same career path. Many job seekers possess skills for jobs that they may not consider in their day-to-day job searches. SMART 2010 looks at the entire person as a result of their resume. The program then searches for the best job openings available, immediately opening the door to

Resume 101 (1 hour): An individual's resume is the first impression for a potential employer. A resume is a summary of experiences, skills, abilities, qualifications, and personal characteristics that are highlighted to present how a person can be an asset to a business or agency. Whether you have a resume prepared or would like to create a resume for the first time, this workshop will help give you valuable information on how to present yourself to a potential employer.

Interviewing Skills (1 hour): You got the interview, now what? Find out what employers want to know through this informational workshop about interviewing skills and techniques. Learn the importance of making a good first impression, how to best present yourself, and answering those tough questions during the interview.

Budgeting Workshop (1 hour): Information on money management including personal checking and savings accounts, credit cards, and personal loan.

Job Club: Come network with other job seekers and gain information about how to effectively seek and obtain employment. As part of this group, you will learn the fundamentals of networking, share leads, provide support, exchange information, and share experiences that will assist you in your job search and career goals. The program is valuable for any occupation and at any level of education; connecting work skills, training, and testing.

Work Keys: The basis for the **National Career Readiness Credential (CRC)**, which certifies that job seekers have the core employability skills required across all industries and occupations. The CRC validates job applicants' skill levels in the three areas selected by employers as the most important: Reading for Information, Locating Information, and Applied WorkKeys assessments are designed to identify training or remedial training needs to increase a person's marketability. Skill gaps can be addressed and closed through an online training program, Key Train, designed to bolster your WorkKeys skills.
