## **MANAGEMENT REPORT**

The following updates were given to the Management Report:

S. Griffin reported on working with the PY MUB on utility usage. Todd Schmidl came to trace utility lines for individual lines so we have a better grasp for each space utility's usage.

S. Griffin reported on the Hampton grand opening. Turnout was fantastic. The question is always about the demand. We never know how much business we were missing out on by not having a higher inventory of rooms. Visually it looks like all the hotels are doing well. Sales tax revenue is up for the County over last year which is great especially when most other Counties have seen a decline.

S. Griffin reported there are 206 CFA projects that he has to grade. There are 75 URI projects. R. Gow inquired if there is a minimum dollar request for a CFA Application. S. Griffin replied there is no minimum for a CFA Application. J. Hiller inquired to how we can be more competitive for the CFA process? J. Scott reported that another IDA spends \$5,000 to lobby for CFA's.

S. Griffin updated the Board on the on-going and potential future KanPak expansion. S. Griffin is talking to Empire State Development. Currently they have 171 jobs in Penn Yan. 17 are in Dundee and there could be 250 in an another year. The company is receiving financially where it makes the most sense to expand. The increasing minimum rate in New York has Corporate headquarters cautious and leaning toward Kansas.

## **NEW BUSINESS**

K. DeWick reviewed the N. Kendall Wines Loan Request. They are requesting \$40,000 from the City by City Ag Loan to purchase winery equipment and additional grapes needed to grow the business. This would be for 7 years at 1%. The loan was approved by the Loan Review Committee. Collateral would be a first position, blanket lien on N. Kendall Wines. LLC, UCC on production equipment and inventory here and thereafter, and personal guarantees from Nathan Kendall, Bruce Kendall and Suzanne Kendall. *A motion was made by T. Fitch and seconded by R. Gow to approve the loan to N. Kendall Wines, LLC for \$40,000 at 1% for seven years from the City by City Loan Fund. Collateral would be a first position, blanket lien on N. Kendall Wines. LLC, UCC on production equipment and inventory here and thereafter, and personal guarantees from Nathan Kendall, Bruce Kendall and Suzanne Kendall. Motion passed.*

S. Griffin reviewed the 4M Rebuilt, LLC project. Total project cost is \$770,000. They are constructing an 11,000 square foot facility on three acres at Horizon Business Park. This will result in 8 retained jobs with the potential for five jobs over the next three years. We need to approve the SEQR and Approving Resolution.

This notice is issued pursuant to Part 617 of the implementing regulations pertaining to Article 8 (State Environmental Quality Review Act) of the Environmental Conservation Law.

                         Unlisted

    No

**Description of Action:**

11,700ft<sup>2</sup> wood-framed building with office space and a shop area..

**Location:** Horizon Park Drive, Penn Yan, NY 14527, County of Yates.

**Reasons Supporting This Determination:**

The impact of this well drilling business is acceptable and not considered excessive with regard to:

Aesthetics - All prominent or conspicuous rigging and equipment will be housed inside the building so the site will be visually compatible with the other business park occupants.

Traffic patterns and noise – Volume of traffic and noise expected to be generated are compatible with the business park.

Existing air quality – No change.

It was determined there would be no change in the impact on existing vegetation, fauna, or habitat.

The project will have minimal impact on the quality or quantity of surface and ground water, and no impact on potential erosion, drainage issues, or flooding since storm water concerns were already addressed when the business park was developed.

It was determined there would be no major change in the use of either the quantity or type of energy and no substantial change in the land use density or in the capacity to support existing uses.

The project location does not fall wholly or partially within, nor is it substantially contiguous to, an historic boundary, public park land, recreation area, or designated open space. It will not have any impact on important historical aesthetic resources.

S. Griffin asked Kevin McAuliffe to explain the SEQRA process for the Greenidge Generation and Greenidge Pipeline projects. The pipeline is fully conducted by PSC7, type 2 environmental which means there is no need for other Agency's including the EDC to make any findings. The plant is conducted by NYSDEC, who made negative declaration. This was updated in July. J. Scott added that the Board of the FLEDC can be comfortable by recognizing that each State/Federal Agency did their due diligence. They cover our responsibility. K. McAuliffe reviewed the air permit. EPA rejected original draft air permit by DEC. The Company worked with both DEC and EPA and agreed to meet the requirements as a new power plant. Under new permit There is no plant that will run cleaner in the USA. EPA views this air permit as a model for future plants. Under new permit, there will be no coal used at all to run the plant. The ash pile is independent from the rest of the plant and is being actively managed by Greendige. The pipeline is 4.6 miles, 8' inch pipe. No coal! All the right of ways are in place with land owners. There are 10 farmers that will receive funding for loss of crops. Greenidge is working with NYSEG engineers to clean out NYSEG wiring. A review of the proposed PILOT payment for plant and pipeline followed.

RE: Proposed Deviation from Uniform Tax Exemption Policy by  
Yates County Industrial Development Agency in connection with its Proposed  
Greenidge Generation LLC Project

Dear Ladies and Gentlemen:

This letter is delivered to you pursuant to Section 874(4)(c) of the General Municipal Law.

On November 18, 2015, Yates County Industrial Development Agency (the "Agency") adopted a resolution (the "Public Hearing Resolution"), pursuant to which the Agency agreed to accept an application (the "Application") from Greenidge Generation LLC (the "Company"), which Application requested that the Agency consider undertaking a project (the "Project") for the benefit of the Company, said Project to consist of the following: (A) (1) the acquisition of an interest in an approximately 139.20 acre parcel of land located at 590 Plant Road in the Town of Torrey, Yates County, New York (tax map no. 40.03-1-

In connection with the Application, the Company has made a request to the Agency to enter into a payment in lieu of tax agreement (the "Proposed Pilot Agreement") which terms would deviate from the Agency's Uniform Tax Exemption Policy (the "Policy"). Capitalized terms not otherwise defined herein are defined in the Policy.

The Proposed Pilot Agreement would not provide any abatements for any special assessments levied on the Project Facility. The Proposed Pilot Agreement would be for a term of 15 years, with the Company making the payments in each year as a Pilot Payment to each Affected Tax Jurisdiction as follows:

Pursuant to Section 856(15) of the Act, unless otherwise agreed by the Affected Tax Jurisdictions, the payments in lieu of taxes described in the table above will be allocated among the Affected Tax Jurisdictions in proportion to the amount of real property tax and other taxes which would have been received by each Affected Tax Jurisdiction had the Project Facility not been tax exempt due to the status of the Agency.

The Policy provides that, for a facility similar to the Project Facility, payments in lieu of taxes will normally be determined as follows: the Company would have the benefit of a 50% abatement in real property taxes on the Facility and any portion of the Equipment assessable as real property pursuant to the New York Real Property Tax Law (collectively with the Facility, the "Improvements") in year one of the payment in lieu of tax agreement with a five percent per year increase over the term of the ten year payment in lieu of tax agreement.

The purpose of this letter is to inform you of such Pilot Request and that the Agency is considering whether to grant the Pilot Request and to approve a Proposed Pilot Agreement conforming to the terms of the Pilot Request. The Agency expects to consider whether to approve the terms of the Proposed Pilot Agreement at its meeting scheduled for August 17, 2016 at 7:30 a.m. local time at the offices of the Agency located in the offices of the Agency located at One Keuka Business Park in Penn Yan, Yates County, New York (the "Meeting"). This letter is forwarded to you for purposes of complying with Section 874 of the General Municipal Law of the State of New York, which requires a thirty (30) day notice prior to the Agency taking final action with respect to the Proposed Pilot Agreement (if said Proposed Pilot Agreement may deviate from the provisions of the Agency's Uniform Tax Exemption Policy).

The Agency considered the following factors in considering the proposed deviation:

1. **The nature of the Project:** A natural gas-fired electric generating plant.
2. **The present use of the property:** Non-operational coal fired electric generating plant.
3. **The economic condition of the area at the time of the request of the Company and the economic multiplying effect that the Project will have on the area:** The Facility has not been operated since the AES bankruptcy filing in 2011. An operating plant will generate direct employment within the Facility but also re-start economic activity with those services and trades which previously supported the Facility.
4. **The extent to which the Project will create or retain permanent, private sector jobs and the number of jobs to be created or retained and the salary range of such jobs:** The Project will create approximately 10 managerial or skilled full time jobs by the end of the first year of operation. The Project also anticipates creating 60 to 80 construction jobs.

**5. The economic impact of the Proposed Pilot Agreement on affected tax jurisdictions:** The continuation of the existing assessment on the existing plant, assuming no modification or demolition, would generate \$990,000 in tax revenue over the next 15 years, the proposed Payment in Lieu of Tax Agreement will generate \$2,471,163 over that same period.

**6. The impact of the Proposed Pilot Agreement on existing and proposed businesses and economic development projects in the vicinity:** The Project will generate significant tax revenue that will support the schools and vital public services in the Towns of Milo and Torrey and Yates County. The Project will also act as a catalyst for further development of industry and business enterprises in the region that will indirectly create considerable employment opportunities for individuals in all socio-economic levels.

**7. The amount of private sector investment generated or likely to be generated by the Proposed Pilot Agreement:** Twenty-five Million Dollars including the required pipeline.

**8. The effect of the Proposed Pilot Agreement on the environment:** The New York State Department of Environmental Conservation as the "lead agency" for the State Environmental Quality Review ("SEQR") determination, determined that the Project is a Type I action that will not have a significant effect on the environment and issued a Negative Declaration on or about August 12, 2015, as amended by an Amended Negative Declaration on or about June 28, 2016 with respect thereto.

**9. Project Timing:** Construction of the related pipeline and the plant modifications will commence as soon as the requisite permits and approvals are received.

**10. The extent to which the Proposed Pilot Agreement will require the provision of additional services including, but not limited to, additional educational, transportation, police, emergency medical or fire services:** No additional services are required.

**11. Anticipated tax Revenues:** \$2,471,163.

**12. The extent to which the Proposed Pilot Agreement will provide a benefit (economic or otherwise) not otherwise available within the municipality in which the Project Facility is located:** The Project will provide a needed source of energy, capacity, voltage support and other value power generation-related services, at no risk to the industries, manufacturers, other businesses enterprises or residents of the region and the State of New York who collectively are the captive retail power customers.

The Agency will consider the Proposed Pilot Agreement (and the proposed deviation from the Agency's Uniform Tax Exemption Policy) at the Meeting. The Agency would welcome any written

RE: Proposed Deviation from Uniform Tax Exemption Policy by  
Yates County Industrial Development Agency in connection with its Proposed  
Greenidge Pipeline LLC Project

Dear Ladies and Gentlemen:

This letter is delivered to you pursuant to Section 874(4)(c) of the General Municipal Law.

On November 18, 2015, Yates County Industrial Development Agency (the "Agency") adopted a resolution (the "Public Hearing Resolution"), pursuant to which the Agency agreed to accept an application (the "Application") from Greenidge Pipeline LLC (the "Company"), which Application requested that the Agency consider undertaking a project (the "Project") for the benefit of the Company, said Project to consist of the following: (A) (1) the construction on the Plant Land of an approximately 4.6 mile natural gas pipeline (the "Pipeline"), and (3) the acquisition and installation therein and thereon of certain machinery

and equipment (collectively, the "Pipeline Equipment") (the Pipeline Land, the Pipeline and the Pipeline Equipment being collectively referred to as the "Pipeline Facility"), all of the foregoing to be owned and operated by the Company as a natural gas transmission line and other directly and indirectly related activities; (B) the granting of certain "financial assistance" (within the meaning of Section 854(14) of the Act) with respect to the foregoing, including potential exemptions from certain sales and use taxes, real property taxes, real estate transfer taxes and mortgage recording taxes (collectively, the "Financial Assistance"); and (C) the lease (with an obligation to purchase) or sale of the Project Facility to the Company or such other person as may be designated by the Company and agreed upon by the Agency.

In connection with the Application, the Company has made a request to the Agency to enter into a payment in lieu of tax agreement (the "Proposed Pilot Agreement") which terms would deviate from the Agency's Uniform Tax Exemption Policy (the "Policy"). Capitalized terms not otherwise defined herein are defined in the Policy.

The Proposed Pilot Agreement would not provide any abatements for any special assessments levied on the Project Facility. The Proposed Pilot Agreement would be for a term of 15 years, with the Company making the payments in each year as a Pilot Payment to each Affected Tax Jurisdiction as follows:

Tax Year	PILOT Payment	Full Tax (est.)	Tax Incentive – abated taxes
1	\$0	\$83,060	\$83,060
2	\$0	\$83,060	\$83,060

Pursuant to Section 856(15) of the Act, unless otherwise agreed by the Affected Tax Jurisdictions, the payments in lieu of taxes described in the table above will be allocated among the Affected Tax Jurisdictions in proportion to the amount of real property tax and other taxes which would have been

received by each Affected Tax Jurisdiction had the Project Facility not been tax exempt due to the status of the Agency.

The Policy provides that, for a facility similar to the Project Facility, payments in lieu of taxes will normally be determined as follows: the Company would have the benefit of a 50% abatement in real property taxes on the Facility and any portion of the Equipment assessable as real property pursuant to the New York Real Property Tax Law (collectively with the Facility, the "Improvements") in year one of the payment in lieu of tax agreement with a five percent per year increase over the term of the ten year payment in lieu of tax agreement.

The purpose of this letter is to inform you of such Pilot Request and that the Agency is considering whether to grant the Pilot Request and to approve a Proposed Pilot Agreement conforming to the terms of the Pilot Request. The Agency expects to consider whether to approve the terms of the Proposed Pilot Agreement at its meeting scheduled for August 17, 2016 at 8:00 a.m., local time at the offices of the Agency located in the offices of the Agency located at One Keuka Business Park in Penn Yan, Yates County, New York (the "Meeting"). This letter is forwarded to you for purposes of complying with Section 874 of the General Municipal Law of the State of New York, which requires a thirty (30) day notice prior to the Agency taking final action with respect to the Proposed Pilot Agreement (if said Proposed Pilot Agreement may deviate from the provisions of the Agency's Uniform Tax Exemption Policy).

The Agency considered the following factors in considering the proposed deviation:

1. **The nature of the Project:** A natural gas transmission line.
2. **The present use of the property:** Vacant land.
3. **The economic condition of the area at the time of the request of the Company and the economic multiplying effect that the Project will have on the area:** Agricultural activity only.
4. **The extent to which the Project will create or retain permanent, private sector jobs and the number of jobs to be created or retained and the salary range of such jobs:** The Project also anticipates creating 60 to 80 construction jobs in conjunction with the modification of the generating plant.
5. **The economic impact of the Proposed Pilot Agreement on affected tax jurisdictions:** The Proposed Payment in Lieu of Tax Agreement will produce \$625,343 in payments to the taxing jurisdictions in addition to those taxes already paid on the lands through which the pipeline will be constructed.

**6. The impact of the Proposed Pilot Agreement on existing and proposed businesses and economic development projects in the vicinity:** The Project will generate significant tax revenue that will support the schools and vital public services in the Towns of Milo and Torrey and Yates County. The Project will also act as a catalyst for further development of industry and business enterprises in the region that will indirectly create considerable employment opportunities for individuals in all socio-economic levels.

**7. The amount of private sector investment generated or likely to be generated by the Proposed Pilot Agreement:** Twenty-five Million Dollars including the modifications to the generating facility.

**8. The effect of the Proposed Pilot Agreement on the environment:** The Pipeline Facility is a Type II action not subject to review under SEQRA pursuant to 6 NYCRR Part 617.5(c)(35) as an action requiring a certificate under the Public Service Law.

**9. Project Timing:** Construction of the related pipeline and the plant modifications will commence as soon as the requisite permits and approvals are received.

**10. The extent to which the Proposed Pilot Agreement will require the provision of additional services including, but not limited to, additional educational, transportation, police, emergency medical or fire services:** No additional services are required.

**11. Anticipated tax Revenues:** \$625,343.

**12. The extent to which the Proposed Pilot Agreement will provide a benefit (economic or otherwise) not otherwise available within the municipality in which the Project Facility is located:** The Project will provide a needed source of energy, capacity, voltage support and other value power generation-related services, at no risk to the industries, manufacturers, other businesses enterprises or residents of the region and the State of New York who collectively are the captive retail power customers.

The Agency will consider the Proposed Pilot Agreement (and the proposed deviation from the Agency's Uniform Tax Exemption Policy) at the Meeting. The Agency would welcome any written comments that you might have on this proposed deviation from the Agency's Uniform Tax Exemption Policy. In accordance with Section 874(4)(c) of the General Municipal Law, prior to taking final action at the Meeting, the Agency will review and respond to any written comments received from any affected tax jurisdiction with respect to the proposed deviation. The Agency will also allow any representative of any affected tax jurisdiction present at the Meeting to address the Agency regarding the proposed deviation.
