Craigslist post ID: 6407914393 12/1/17

### **Finger Lakes Community Health- Multiple Positions (Penn Yan, NY)**

- **Telehealth Communications Facilitator**- As our Telehealth Communications Facilitator, you will be working with providers and patients to promote better health outcomes through our telehealth program. You'll assist our patients with making appointments, assuring their attendance, and connecting them to support services. You will also get the opportunity to learn about and utilize the telehealth technology that is used in the clinical setting.

- **Staff Accountant-** The Staff Accountant will, under the direction of the Chief Financial Officer and Controller (CFO), oversee the administration of the finance department consistent with Finger Lakes Community Health policies and procedures. The Staff Accountant will be involved with all accounting operations.
- **Maternal/Child Community Health Worker-** As a Community Health Worker, you will be helping our patients improve their quality of life by advocating for them, educating them, making their appointments, and visiting them at their home or place of work. It is your job to encourage patients to follow our advice to stay well and get the healthcare they need. It's an important responsibility. Being a good communicator is an important skill you need to be successful in this position. You will be talking on behalf of our patients to specialists, insurance companies, or social services organizations.
- **Patient Service Representative-** A friendly greeting can make a patients' day. Are you a morning person with a positive attitude? Do you have strong organizational skills? Is multi-tasking your middle name? As a Patient Service Representative, you are often the first person a patient sees upon walking in, which can impact their medical visit-and we want all our patients to have a positive experience. As a Patient Service Representative, you have the important job to collect patients' personal information used by our clinical and support staff to provide the very best of care. You will need to be cool under pressure while accomplishing multiple tasks including checking patients in and out, and answering our phones. This all happens with a smile! A Patient Service Representative is a vital part of Finger Lakes Community Health-one of the fastest growing health centers in New York State. With eight health centers and over 25,000 patients, we provide primary care, dental and behavioral health services. If you would like to be "the face of Finger Lakes Community Health" and have the following additional qualifications, we encourage you to apply. This position will work at both our Penn Yan and Dundee locations. Let's talk!  
To apply for any of the jobs above, please visit <https://www.flchealth.org>.

### **"Options Workshop"**

An online presentation/discussion using Google Group

**PLEASE CALL AHEAD TO REGISTER: FOR WORKSHOPS (315)-539-1905**

**Work Keys for Job Seekers:** The Career Readiness Credential (CRC) enables you to show prospective employers that you possess the basic foundational skills they are looking for and have the trainability for success in an organization. The CRC verifies that you can handle the kinds of tasks – finding information, reading instructions and directions, even working with figures – that are common in today's workplace.

## How does the Career Readiness Credential work?

### Building on a Proven Program

The CRC is based on established Work Key assessments, a nationally recognized system. To earn a CRC, individuals undergo testing related to reading, applied math, and locating information through the Work Keys skills assessment system. The credential confirms a person's competence in these skill areas and provides documentation to an employer in today's workforce.

### How to Earn a CRC

Finger Lakes Workforce customers can obtain a Career Readiness Credential by taking the three Work Keys assessments. Contact a Finger Lakes Workforce One Stop Center Representative or call 315-536-5140 for more information.

### Ask about SMART 2010 Today!!!

SMART 2010 is a computer program that analyzes a customer's resume for skills and work experience. Using that data, the computer can establish matches with current jobs throughout the state. The system then recommends to the client by means of E-mail a number of job matches based on the likelihood that the individual will follow the same career path. Many job seekers possess skills for jobs that they may not consider in their day-to-day job searches. SMART 2010 looks at the entire person as a result of their resume. The program then searches for the best job openings available, immediately opening the door to

**Resume 101 (1 hour):** An individual's resume is the first impression for a potential employer. A resume is a summary of experiences, skills, abilities, qualifications, and personal characteristics that are highlighted to present how a person can be an asset to a business or agency. Whether you have a resume prepared or would like to create a resume for the first time, this workshop will help give you valuable information on how to present yourself to a potential employer.

**Interviewing Skills (1 hour):** You got the interview, now what? Find out what employers want to know through this informational workshop about interviewing skills and techniques. Learn the importance of making a good first impression, how to best present yourself, and answering those tough questions during the interview.

**Budgeting Workshop (1 hour):** Information on money management including personal checking and savings accounts, credit cards, and personal loan.

**Job Club:** Come network with other job seekers and gain information about how to effectively seek and obtain employment. As part of this group, you will learn the fundamentals of networking, share leads, provide support, exchange information, and share experiences that will assist you in your job search and career goals. The program is valuable for any occupation and at any level of education; connecting work skills, training, and testing.

**Work Keys:** The basis for the **National Career Readiness Credential (CRC)**, which certifies that job seekers have the core employability skills required across all industries and occupations. The CRC validates job applicants' skill levels in the three areas selected by employers as the most important: Reading for Information, Locating Information, and Applied WorkKeys assessments are designed to identify training or remedial training needs to increase a person's marketability. Skill gaps can be addressed and closed through an online training program, Key Train, designed to bolster your WorkKeys skills.
