WHEREAS, the Agency advised that the Town of Torrey has considered any potential environmental impacts of the Project and has issued a negative declaration with respect to the Project (the "Village Negative Declaration"); and

WHEREAS, the Agency desires to conduct an uncoordinated review of the Project and to determine whether the Project may have a "significant effect on the environment" and therefore require the preparation of an environmental impact statement;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF YATES COUNTY INDUSTRIAL DEVELOPMENT AGENCY, AS FOLLOWS:

Section 1. Based upon an examination of the EAF and the Town Negative Declaration (collectively, the "Reviewed Materials"), and based further upon the Agency's knowledge of the area surrounding the Project Facility and such further investigation of the Project and its environmental effects as the Agency has deemed appropriate, the Agency makes the following findings with respect to the Project:

A. The project (the "Project") consists of the following: (A) (1) the acquisition of an interest in a parcel of land (TM #52.03-1-18) containing approximately 3.53 acres located at 511 Hansen Point Road in the Town of Torrey, Yates County, New York (the "Land"), together with the existing building located thereon containing approximately 1,800 square feet of space (the "Existing Facility"), (2) the renovation of the Existing Facility, (3) the construction of a new pole barn to be located on the Land (the "New Facility") (the Existing Facility and the New Facility hereinafter collectively referred to as the "Facility"), and (4) the acquisition and installation of certain machinery and equipment therein and thereon (the "Equipment") (the Land, the Facility and the Equipment hereinafter collectively referred to as the "Project Facility"), all of the foregoing to constitute a commercial facility to be owned and operated by the Company for use as brewery, tasting facility, hop farm, agri-tourism center and any other directly or indirectly related activities; (B) the granting of certain "financial assistance" (within the meaning of Section 854(14) of the Act) with respect to the foregoing, including potential exemptions from certain sales and use taxes, real property taxes, real property transfer taxes and mortgage recording taxes (collectively, the "Financial Assistance"); and (C) the lease (with an obligation to purchase) or sale of the Project Facility to the Company or such other person as may be designated by the Company and agreed upon by the Agency.

B. No potentially significant impacts on the environment are noted in the Reviewed Materials, and none are known to the Agency.

Section 2. Based upon the foregoing investigation of the potential environmental impacts of the Project and considering both the magnitude and importance of each environmental impact therein indicated, the Agency makes the following findings and determinations with respect to the Project:

A. The Project constitutes an "Unlisted Action" (as said quoted term is defined in the Regulations) and therefore coordinated review and notification of other involved agencies is strictly optional. The Agency hereby determines not to undertake a coordinated review of the Project, and therefore will not seek lead agency status with respect to the Project;

B. The Project will result in no major impacts and, therefore, is one which will not cause significant damage to the environment. Therefore, the Agency hereby determines that the Project will not have a significant effect on the environment, and the Agency will not require the preparation of an environmental impact statement with respect to the Project; and

C. As a consequence of the foregoing, the Agency has decided to prepare a negative declaration with respect to the Project.

Section 3. The Chief Executive Officer of the Agency is hereby directed to prepare a negative declaration with respect to the Project, said negative declaration to be substantially in the form

and to the effect of the negative declaration attached hereto, and to cause copies of said negative declaration to be (A) filed in the main office of the Agency and (B) distributed to the Company.
