WHEREAS, the Town of Benton Planning Board (the "Planning Board"), as lead agency, conducted a coordinated review of the Project pursuant to SEQRA, which resulted in the issuance of a negative declaration by the Planning Board, dated June 27, 2023 (the "Negative Declaration") attached hereto as Exhibit B, concluding the SEQRA process; and

WHEREAS, the Project Agreement, the Lease Agreement, the Leaseback Agreement, the Tax Agreement, Mortgage and related documents will be negotiated and presented to the Chairman, Vice Chairman or Chief Executive Officer of the Agency for approval and execution subject to the adoption of the resolutions herein.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE YATES COUNTY INDUSTRIAL DEVELOPMENT AGENCY AS FOLLOWS:

Section 1. The Company has presented an Application in a form acceptable to the Agency. Based upon the representations made by the Company to the Agency in the Application, the Agency hereby finds and determines that:

(A) By virtue of the Act, the Agency has been vested with all powers necessary and convenient to carry out and effectuate the purposes and provisions of the Act and to exercise all powers granted to it under the Act; and

(B) It is desirable and in the public interest for the Agency to appoint the Company as its agent for purposes of acquiring, constructing and equipping the Project; and

(C) The Agency has the authority to take the actions contemplated herein under the Act; and

(D) The action to be taken by the Agency will induce the Company to develop the Project, thereby increasing employment opportunities in Yates County, New York, and otherwise furthering the purposes of the Agency as set forth in the Act; and

(E) The Project will not result in the removal of a facility or commercial, industrial, or manufacturing plant of the Company or any other proposed occupant of the Project from one area of the State to another area of the State or result in the abandonment of one or more plants or facilities of the Company or any other proposed occupant of the Project located within the State; and the Agency hereby finds that, based on the Application, to the extent occupants are relocating from one plant or facility to another, the Project is reasonably necessary to discourage the Project occupants from removing such other plant or facility to a location outside the State and/or is reasonably necessary to preserve the competitive position of the Project occupants in their respective industries; and

Section 2. The Planning Board has conducted a coordinated review of the Project pursuant to Article 8 of the Environmental Conservation Law and 6 N.Y.C.R.R. Part 617 (collectively referred to as "SEQRA"). In addition to the Planning Board classifying the Project as a "Type I" action pursuant to SEQRA, the Planning Board also issued a Negative Declaration on June 27, 2023, determining that the Project did not present a potential significant adverse environmental impact. The Agency, having reviewed the materials presented by the Company, including but not limited to, the Full Environmental Assessment Form, further determines that the Project does not pose a potential significant adverse environmental impact and thus ratifies the Negative Declaration previously issued by the Planning Board pursuant to 6 N.Y.C.R.R. Part 617.7.

Section 3. The Public Hearing held by the Agency on November 14, 2023, concerning the Project and the Financial Assistance, was duly held in accordance with the Act, including, but not limited to, the giving of at least ten (10) days published notice of the Public Hearing (such notice also being provided to the Chief Executive Officer of each affected tax jurisdiction), affording interested parties a reasonable opportunity, both orally and in writing, to present their views with respect to the Project.

Section 4. The Agency is hereby authorized to provide to the Company the Financial Assistance in the form of (a) a sales and use tax exemption for purchases and rentals related to the acquisition, construction, reconstruction, renovation and equipping of the Project, (b) a partial real property tax abatement structured through the Tax Agreement and (c) a mortgage recording tax exemption for the financing related to the Project.

Section 5. Based upon representations and warranties made by the Company in the Application, the Agency hereby authorizes and approves the Company, as its agent, to make purchases of goods and services relating to the Project, that would otherwise be subject to State and local sales and use tax in an amount up to \$5,105,785.00, which result in State and local sales and use tax exemption benefits ("Sales and Use Tax Exemption Benefits") not to exceed \$408,462.80. The Agency agrees to consider any requests by the Company for an increase to the amount of Sales and Use Tax Exemption Benefits authorized by the Agency upon being provided with appropriate documentation detailing the additional purchases of property or services.

Section 6. Pursuant to Section 875(3) of the Act, the Agency may recover or recapture from the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, any Sales and Use Tax Exemption Benefits taken or purported to be taken by the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, if it is determined that: (i) the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, is not entitled to the Sales and Use Tax Exemption Benefits; (ii) the Sales and Use Tax Exemption Benefits are in excess of the amounts authorized to be taken by the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project; (iii) the Sales and Use Tax Exemption Benefits are for property or services not authorized by the Agency as part of the Project; or (iv) the Sales and Use Tax Exemption Benefits are taken in cases where the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, fails to comply with a material term or condition to use property or services in the manner approved by the Agency in connection with the Project. As a condition precedent of receiving Sales and Use Tax Exemption Benefits, the Company, its agents, consultants, subcontractors, or any other party authorized to make purchases for the benefit of the Project, shall (i) cooperate with the Agency in its efforts to recover or recapture any Sales and Use Tax Exemption Benefits, and (ii) promptly pay over any such amounts to the Agency that the Agency demands.

Section 7. Subject to the Company executing the Project Agreement and the delivery to the Agency of a binder, certificate or other evidence of liability insurance policy for the

Project satisfactory to the Agency, the Agency hereby authorizes the Company to proceed with the acquisition, construction and equipping of the Project and hereby appoints the Company as the true and lawful agent of the Agency: (i) to acquire, reconstruct, renovate and equip the Project; (ii) to make, execute, acknowledge and deliver any contracts, orders, receipts, writings and instructions, as the stated agent for the Agency with the authority to delegate such agency, in whole or in part, to agents, subagents, contractors, and subcontractors of such agents and subagents and to such other parties as the Company chooses; and (iii) in general, to do all things which may be requisite or proper for completing the Project, all with the same powers and the same validity that the Agency could do if acting in its own behalf; *provided, however*, the Project Agreement shall expire on **December 31, 2024** (unless extended for good cause by the Chief Executive Officer of the Agency) if the Lease Agreement, the Leaseback Agreement and the Tax Agreement contemplated have not been executed and delivered

Section 8. The Chairman, Vice Chairman or Chief Executive Officer of the Agency are hereby authorized, on behalf of the Agency, to negotiate and enter into (A) the Project Agreement, (B) the Lease Agreement, pursuant to which the Company leases the Project to the Agency, (C) the related Leaseback Agreement, pursuant to which the Agency leases its interest in the Project back to the Company, and (D) the Tax Agreement; *provided, however*, (i) the rental payments under the Leaseback Agreement include payments of all costs incurred by the Agency arising out of or related to the Project and indemnification of the Agency by the Company for actions taken by the Company and/or claims arising out of or related to the Project and (ii) the terms of the Tax Agreement are consistent with the Agency's Uniform Tax Exemption Policy or the procedures for deviation have been complied with.

Section 9. The Chairman, Vice Chairman or Chief Executive Officer of the Agency are hereby authorized, on behalf of the Agency, to execute, deliver and record any mortgage, security agreement, UCC-1 Financing Statements and all documents reasonably contemplated by these resolutions or required by any lender identified by the Company (the "Lender") (collectively, the "Mortgage") up to a maximum principal amount not to exceed **\$2,462,540.00**, acquire the Facility and/or finance or refinance the Facility or equipment and other personal property and related transactional costs (hereinafter, with the Project Agreement, Lease Agreement, Leaseback Agreement, Tax Agreement and the Mortgage, collectively called the "Agency Documents"); and, where appropriate, the Secretary or Assistant Secretary of the Agency is hereby authorized to affix the seal of the Agency to the Agency Documents and to attest the same, all with such changes, variations, omissions and insertions as the Chairman, Vice Chairman or Chief Executive Officer of the Agency shall approve, the execution thereof by the Chairman, Vice Chairman or Chief Executive Officer of the Agency to constitute conclusive evidence of such approval; provided in all events recourse against the Agency is limited to the Agency's interest in the Project.

Section 10. The Agency is hereby authorized to provide the Company with an exemption from mortgage recording taxes as permitted by New York State law in an amount not to exceed Twenty-Four Thousand Six Hundred Twenty-Five and 40/100 Dollars (**\$24,625.40**).

Section 11. The officers, employees and agents of the Agency are hereby authorized and directed for and in the name and on behalf of the Agency to do all acts and things required

and to execute and deliver all such certificates, instruments and documents, to pay all such fees, charges and expenses and to do all such further acts and things as may be necessary or, in the opinion of the officer, employee or agent acting, desirable and proper to effect the purposes of the foregoing resolutions and to cause compliance by the Agency with all of the terms, covenants and provisions of the documents executed for and on behalf of the Agency.

Section 12. These Resolutions shall take effect immediately upon adoption.

## NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that a public hearing pursuant to Article 18-A of the New York General Municipal Law will be held by the Yates County Industrial Development Agency (the "Agency") on Tuesday, November 14, 2023, at 3:00 p.m., local time, at Benton Town Hall, 1000 NY-14A, Penn Yan, New York 14527, in connection with the following matter:

**MARTIN SOLAR LLC**, for itself or on behalf of an entity formed or to be formed by it or on its behalf (collectively, the "Company"), has submitted an application (the "Application"), a copy of which is on file with the Agency, requesting the Agency's assistance with respect to a certain project (the "Project"), consisting of: (i) the acquisition by the Agency of a leasehold interest in approximately 24 acres of real property located at N. Flat Street, Town of Benton, New York and all other lands where by license or easement or other agreement the Company or its designees are making improvements that benefit the Project (the "Land", being more particularly identified as a portion of tax parcel number 17.02-1-16, as may be subdivided); (ii) the planning, design, construction and operation of a 5MWac PV solar electrical generation system, including panel foundations, inverters, transformers, interconnect wiring, utility connections, sitework, landscaping, fencing, security and related improvements (collectively, the "Improvements"); and (iii) the acquisition of and installation in and around the Land and Improvements by the Company of machinery, equipment, fixtures and other items of tangible personal property (the "Equipment"; and, together with the Land and the Improvements, the "Facility").

The Agency will acquire title to, or a leasehold interest in, the Facility and lease the Facility back to the Company. The Company will operate the Facility during the term of the lease. At the end of the lease term, the Company will purchase the Facility from the Agency, or if the Agency holds a leasehold interest, the leasehold interest will be terminated. The Agency contemplates that it will provide financial assistance (the "Financial Assistance") to the Company in the form of sales and use tax exemptions, a partial real property tax abatement structured through a payment-in-lieu-of-tax agreement and a partial mortgage recording tax exemption as authorized pursuant to the laws of the State of New York, consistent with the policies of the Agency.

At the public hearing referenced above, the Agency will consider the Project and the Financial Assistance, including the payment-in-lieu-of-tax agreement, the terms of which are proposed to contain a deviation from the Agency's Uniform Tax Exemption Policy (the "Policy"). The Agency is contemplating a deviation from the Policy as follows: the Agency contemplates providing the Company with payments-in-lieu-of-taxes of \$5,000/MWac with a two percent (2%) increase per year for a period of twenty (20) years.

The Agency will broadcast the public hearing live at: <https://www.fingerlakesedc.com/new-events/martinsolarpublichearing>.

A representative of the Agency will be at the above-stated time and place to present a copy of the Company's Project Application and hear and accept written and oral comments from all persons with views in favor of or opposed to or otherwise relevant to the proposed Financial Assistance.

## LEGAL NOTICE

### NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that a public hearing pursuant to Article 18-A of the New York General Municipal Law will be held by the Yates County Industrial Development Agency (the "Agency") on Tuesday, November 14, 2023, at 3:00 p.m., local time, at Benton Town Hall, 1000 NY-14A, Penn Yan, New York 14527, in connection with the following matter:

MARTIN SOLAR LLC, for itself or on behalf of an entity formed or to be formed by it or on its behalf (collectively, the "Company"), has submitted an application (the "Application"), a copy of which is on file with the Agency, requesting the Agency's assistance with respect to a certain project (the "Project"), consisting of: (i) the acquisition by the Agency of a leasehold interest in approximately 24 acres of real property located at N. Flat Street, Town of Benton, New York and all other lands where by license or easement or other agreement the Company or its designees are making improvements that benefit the Project (the "Land", being more particularly identified as a portion of tax parcel number 17.02-1-16, as may be subdivided); (ii) the planning, design, construction and operation of a 5MWac PV solar electrical generation system, including panel foundations, inverters, transformers, interconnect wiring, utility connections, sitework, landscaping, fencing, security and related improvements (collectively, the "Improvements"); and (iii) the acquisition of and installation in and around the Land and Improvements by the Company of machinery, equipment, fixtures and other items of tangible personal property (the "Equipment"; and, together with the Land and the Improvements, the "Facility").

The Agency will acquire title to, or a leasehold interest in, the Facility and lease the Facility back to the Company. The Company will operate the Facility during the term of the lease. At the end of the lease term, the Company will purchase the Facility from the Agency, or if the Agency holds a leasehold interest, the leasehold interest will be terminated. The Agency contemplates that it will provide financial assistance (the "Financial Assistance") to the Company in the form of sales and use tax exemptions, a partial real property tax abatement structured through a payment-in-lieu-of-tax agreement and a partial mortgage recording tax exemption as authorized pursuant to the laws of the State of New York, consistent with the policies of the Agency.

At the public hearing referenced above, the Agency will consider the Project and the Financial Assistance, including the payment-in-lieu-of-tax agreement, the terms of which are proposed to contain a deviation from the Agency's Uniform Tax Exemption Policy (the "Policy"). The Agency is contemplating a deviation from the Policy as follows: the Agency contemplates providing the Company with payments-in-lieu-of-taxes of \$5,000/MWac with a two percent (2%) increase per year for a period of twenty (20) years.

The Agency will broadcast the public hearing live at:  
<https://www.fingerlakesedc.com/new-events/martinsolarpublichearing>.

A representative of the Agency will be at the above-stated time and place to present a copy of the Company's Project Application and hear and accept written and oral comments from all persons with views in favor of or opposed to or otherwise relevant to the proposed Financial Assistance.

Attendance: Mike Lipari Director of Business & Community Development, Finger Lakes EDC, Doreen Jensen CFO/Admin Assistant, John Prendergast Town of Benton Supervisor, Thomas Davie Sr., Glen Quackenbush, Meredith Moore GSI Development Corp./Saturn Power

The Public Hearing on the proposed straight leaseback transaction by the Finger Lakes Economic Development Center (FLEDC) on behalf of Martin Solar LLC, was held in the Town of Benton Town Hall, 1000 Route 14A, Town of Benton, Yates County, New York on Tuesday, November 14, 2023 at 3:00 P.M.

In accordance with Section 859-a of the Act, a representative of the Agency will be at the above-stated time and place to present a copy of the Company's project Application, which is also available for viewing on the Agency's website at: <https://www.fingerlakesedc.com/martin-solar-llc>. The Agency also live streamed the Public Hearing live on the FLEDC website at: <https://www.fingerlakesedc.com/new-events/martinsolarpublichearing>. The FLEDC also encouraged all interested parties to submit written comments to the FLEDC, which will be included within the public hearing record. Any written comments may be sent to the FLEDC, Attention: Steve Griffin, Chief Executive Officer, FLEDC, One Keuka Business Park, Suite 100, Penn Yan, New York 14524; Telephone: (315) 536-7328, no later than November 14, 2023.

The Public Hearing notice was published in the legal section of the Finger Lakes Times on November 3, 2023. The Notice of Public hearing was posted on the bulletin board on the Town of Benton Bulletin Board on November 7, 2023. Copies of the Public Hearing Notice were mailed to the taxing jurisdictions (Yates County, Town of Benton, Penn Yan Central School District) on November 3, 2023. The Notice of Public Hearing was also posted on the Finger Lakes Economic Development Center website on October 31, 2023.

Mike Lipari, Director of Business & Community Development for the Finger Lakes Economic Development Center, called the Public Hearing to order at 3:00 pm.

Mr. Lipari introduced himself as the Director of Business & Community Development of the Finger Lakes Economic Development Center.

Mr. Lipari stated the purpose of this Public Hearing is to allow public comment on proposed financial assistance applied for by Martin Solar LLC. Martin Solar LLC is an entity created and owned by Greenwood Sustainable Infrastructure (GSI) Development Corporation. The proposed Martin Solar project would construct a 5-megawatt community solar array on approximately 24 acres of land leased from Aaron and Laura Martin, located at 432 N Flat Street, Penn Yan. The community solar project will generate clean renewable solar energy that can be purchased at a discount by local residents and businesses under NYSEG's Community Distributed Generation program. It is State law for any project that is projected to receive over \$100,000 in financial incentives to hold a Public Hearing. Comments received are presented to the Finger Lakes Economic Development Center Board of Directors for their consideration prior to voting to approve or reject the funding request.

Mr. Lipari reported Martin Solar LLC has applied for sales, mortgage and property tax exemptions on the proposed project. The proposed Payment In Lieu Of Taxes (PILOT) would deviate from our standard 10-year non-manufacturing and 15-year manufacturing PILOT schedules. Affected taxing jurisdictions have been notified of the proposed deviation. No written or verbal comments regarding the PILOT deviation

have been received. The proposed PILOT is a 20-year PILOT, the proposed payments are \$5,000 per megawatt and includes a 2% increase to the PILOT each year. The 20-year PILOT matches the length of the lease between the company and land owner. The total project cost is \$8,065,387 with a projected 50-70 temporary construction jobs to be created. The estimated tax benefits are as follows: \$24,625.40 mortgage recording tax, \$408,462.80 sales tax and \$34,241.72 in property tax for a total of \$467,329.92 in projected tax abatements. The company will pay a projected cumulative PILOT payment of \$607,434.24 over 20-years for a combined company investment (total project cost plus PILOT payment) of \$8,672,821.24. The total economic benefit to the community to total community investment ratio is 19:1.

Mr. Lipari opened the Public Hearing for public comments.

Glen Quackenbush inquired about the property tax abatements. M. Lipari reported that the proposed property tax savings (\$34,421.72) is determined by the difference of what the company would pay in property taxes without a PILOT versus the proposed PILOT payments. Our projections for the assessed value of the property upon completion of the project is determined by utilizing a solar appraisal calculator created by New York State.

Meredith Moore inquired about the distributions of PILOT payments to the affected taxing jurisdictions. M. Lipari reported that he did not have the exact percentages in front of him but the County receives the largest followed by the County and Town receives the smallest percentage.

There being no other comments the Public Hearing was closed at 3:20pm by Mr. Lipari.

Respectfully submitted,

Mike Lipari

**Full Environmental Assessment Form**  
**Part 2 - Identification of Potential Project Impacts**

Agency Use Only (If applicable)  
 Project: Marlin Solar  
 Date: 07/25/2023

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency and the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

**Tips for completing Part 2:**

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "Yes" to a numbered question, please complete all the questions that follow in that section.
- If you answer "No" to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box "Moderate to large impact may occur."
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the "whole action".
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

**Full Environmental Assessment Form**  
**Part 3 - Evaluation of the Magnitude and Importance of Project Impacts**  
**and**  
**Determination of Significance**

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

**Reasons Supporting This Determination:**

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

**Determination of Significance - Type 1 and Unlisted Actions**

SEQR Status:       Type 1                       Unlisted

Identify portions of EAF completed for this Project:     Part 1             Part 2             Part 3

Upon review of the information recorded on this EAF, as noted, plus this additional support information

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the \_\_\_\_\_ as lead agency that:

A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.
